

Our School Visions & Values

We provide an exciting, happy, calm and safe environment whereby all children can flourish and children want to learn.

Our children grow and become confident, independent individuals, well prepared for the next stages in their life.

Our children are responsible for their own actions and make informed choices.

We work relentlessly to provide a high standard of education for all. Learning and teaching is at the heart of everything we do.

We provide a broad, balanced, creative and rich curriculum which motivates and challenges individuals to be the best they can be.

We equip children with life skills and encourage them to be lifelong learners, developing enquiring minds.

We celebrate success and value every achievement – big or small.

We promote respect for everyone and ensure our pupils become responsible, well-rounded individuals. They recognise themselves as citizens of the wider world who have a 'voice' and can make a difference.

We encourage close partnerships with parents and the wider community, creating a sense of belonging and enriching the learning opportunities for all our children.

A message to parents & carers from the Headteacher & Chair of Governors

*Welcome to West Bretton J & I School.
We believe that a close partnership between home and school is vital to help children and young people get the most from their education.*

This agreement makes clear what is expected of staff, parents, carers and pupils, to try and ensure that pupils will be happy and safe at school and achieve their full potential.

We hope that it will also help parents to appreciate the importance of taking an active part in their child's education.

At school we are determined to give every pupil the chance to succeed.

We look forward to a strong partnership with home to give your child the best possible support.

Please note: 'Parents' in this agreement means anyone who has parental responsibility for the pupil.
